TOUR ADD ON

2. White Water River Rafting

Batoka Gorge provides one of the most intense sensory thrills imaginable. Its twenty-three white water rapids and striking scenery deep within the sheer black cliffs, afford the adrenaline junkie a wild roller coaster ride. The rapids are run in large rubber rafts, launched from just below the Falls.

3. Elephant Riding

Seated comfortably on the back of nature's true "King of the Beasts", guests can experience an age-old African tradition. Be witness to this mutually enriching and rewarding relationship between man and Elephant in a modern-day Africa.

A pre-night on board will include dinner, bed and breakfast.

The train remains stationary at Victoria Falls Station over night.

DAY 01 - VICTORIA FALLS

Should you only arrive at Victoria Falls International Airport today, you will be met upon arrival and transferred to the train. Please note that you should arrive no later than 08:00 at the airport in order to participate in the day's touring.

The Victoria Falls

The Falls form the largest single "curtain" of falling water on earth measuring 1708 m wide. On average the curtain is 0.92 m deep. The spray plume can rise to 500 m and can be seen from as far as 70 km away. In full flood, over 550 million litres of water per minute cascade over the brink. Because the Falls are so wide, there are numerous safe vantage points provided, from where you will be able to get various views of the Falls and the roiling water as it crashes into the gorge and the constant plume of spray that maintains the Rain Forest. The forest is an attraction on its own and many of the trees are marked to help identification. They include Fig, Mahogany, Date Palm, Milkwood and Ebony. The bird life is also prolific and species that may be seen include the colourful Sunbird and large Trumpeter Hornbill. The sound of the water can be heard from kilometres away and up close this muted 'thunder' becomes a roar. Craft and curio shops abound with enough variety for everyone to find something to take home as a souvenir.

(Morning; distance travelled: ± 15 km)

The afternoon is spent at leisure.
